MORE POWERFUL

Powered by the DAF MX-13 engine with rated power of 350 kW and rated torque of 2,500 N·m and Bosch steering system with a minimum turning diameter ≤21 m, it delivers greater power and agile maneuverability across a wide range of operating

MORE ECONOMICAL

ECAS auto-leveling of vehicle body with vehicle speed, electronic rear-view mirrors and streamlined front wall cut the drag coefficient by 20%. Parried with BlueCore intelligent fuel-saving system and electric fans, the fuel consumption can be reduced by 2–3%.

MORE COMFORTABLE

Smart Dual-Zone Climate Control: Independently regulated for driver and passenger compartments. The 36,000 kcal cooling and 38,000 kcal heating capacity ensures a consistently comfortable interior temperature in both freezing and scorching environments.

Ergonomically Designed Seats: Offering superior support and comfort to reduce fatigue on long trips. Complemented by ZF air suspension and automatic transmission, both the riding and gear shifts are remarkably smooth for an enhanced experience.

Eco-Friendly Interior Materials: Featuring Odor level ≤ 2.5 at 40°C and ≤3.0 at 80°C, fresh-air ventilation system, the interior atmosphere remains crisp and clean throughout every journey.

Immersive Infotainment & On-Board Amenities: 26 premium speakers and one 22-inch HD front-center display create a true cinematic audio-visual experience. Features like refrigerator, toilet, water dispenser, and multiple charging ports deliver better experience for long-distance travel.

MORE INTELLIGENT

The intelligent cockpit with 10.25" + 12.8" dual screens features 1080P HD monitoring/360° panoramic view, ambient lighting control, mobile phone connectivity and screen mirroring, as well as USB ports. It enables 60% fewer buttons and 20% more functions, simplifying driver operations.

A range of intelligent driver assistance features like ACC, LDWS, AEBS, and ASR, ensures comprehensive vehicle safety.
